OBJECTIVES OF PAIS

- To provide a functional platform that enables collaboration between national, provincial and regional-level private school associations.
- To implement a Code of Conduct that enables a collaborative and constructive environment for independent private school associations.
- To provide a single front to independent private school associations to participate in educational policy matters at the National, Provincial or District level.
- To protect the interests of the private sector through a united front.
- To provide linkages and avenues for collaboration with educational initiatives on the international arena.
- To create a plan of action to enable active participation towards implementing the Right to Education bill.

I would like to enroll my institution to be a part of PAIS.
